

Instrument Crafting: A Tactile Tour

Scan QR code to
register now:

Join us for a Blind & Low Vision outing at **K.C. Strings!**

Want to learn how instruments are crafted from raw wood to finished pieces?

Designed for the blind and low vision community, this interactive experience lets you hold, feel, and ask questions about the instrument-making process. After the tour, you'll even have the chance to play the instruments yourself!

K.C. Strings

5842 Merriam Dr.
Merriam, Kansas 66203

Friday, January 24th

10:00 - 11:00 am

Limited to 25 individuals • Transportation provided
